DEDICATION

Because of her unselfish contributions that have over the years affected so many young people in their early training, we dedicate the 1955-56 issue of DIABLE to Miss Fannie C. Williams.

Now retired, Miss Williams has earned for herself such recognition in the streams of educational history in New Orleans that one of the women's dormitories has been named in her honor. We therefore dedicate this book to Miss Williams to show our appreciation for her unselfish devotion to and untiring efforts in the field of education in this city.

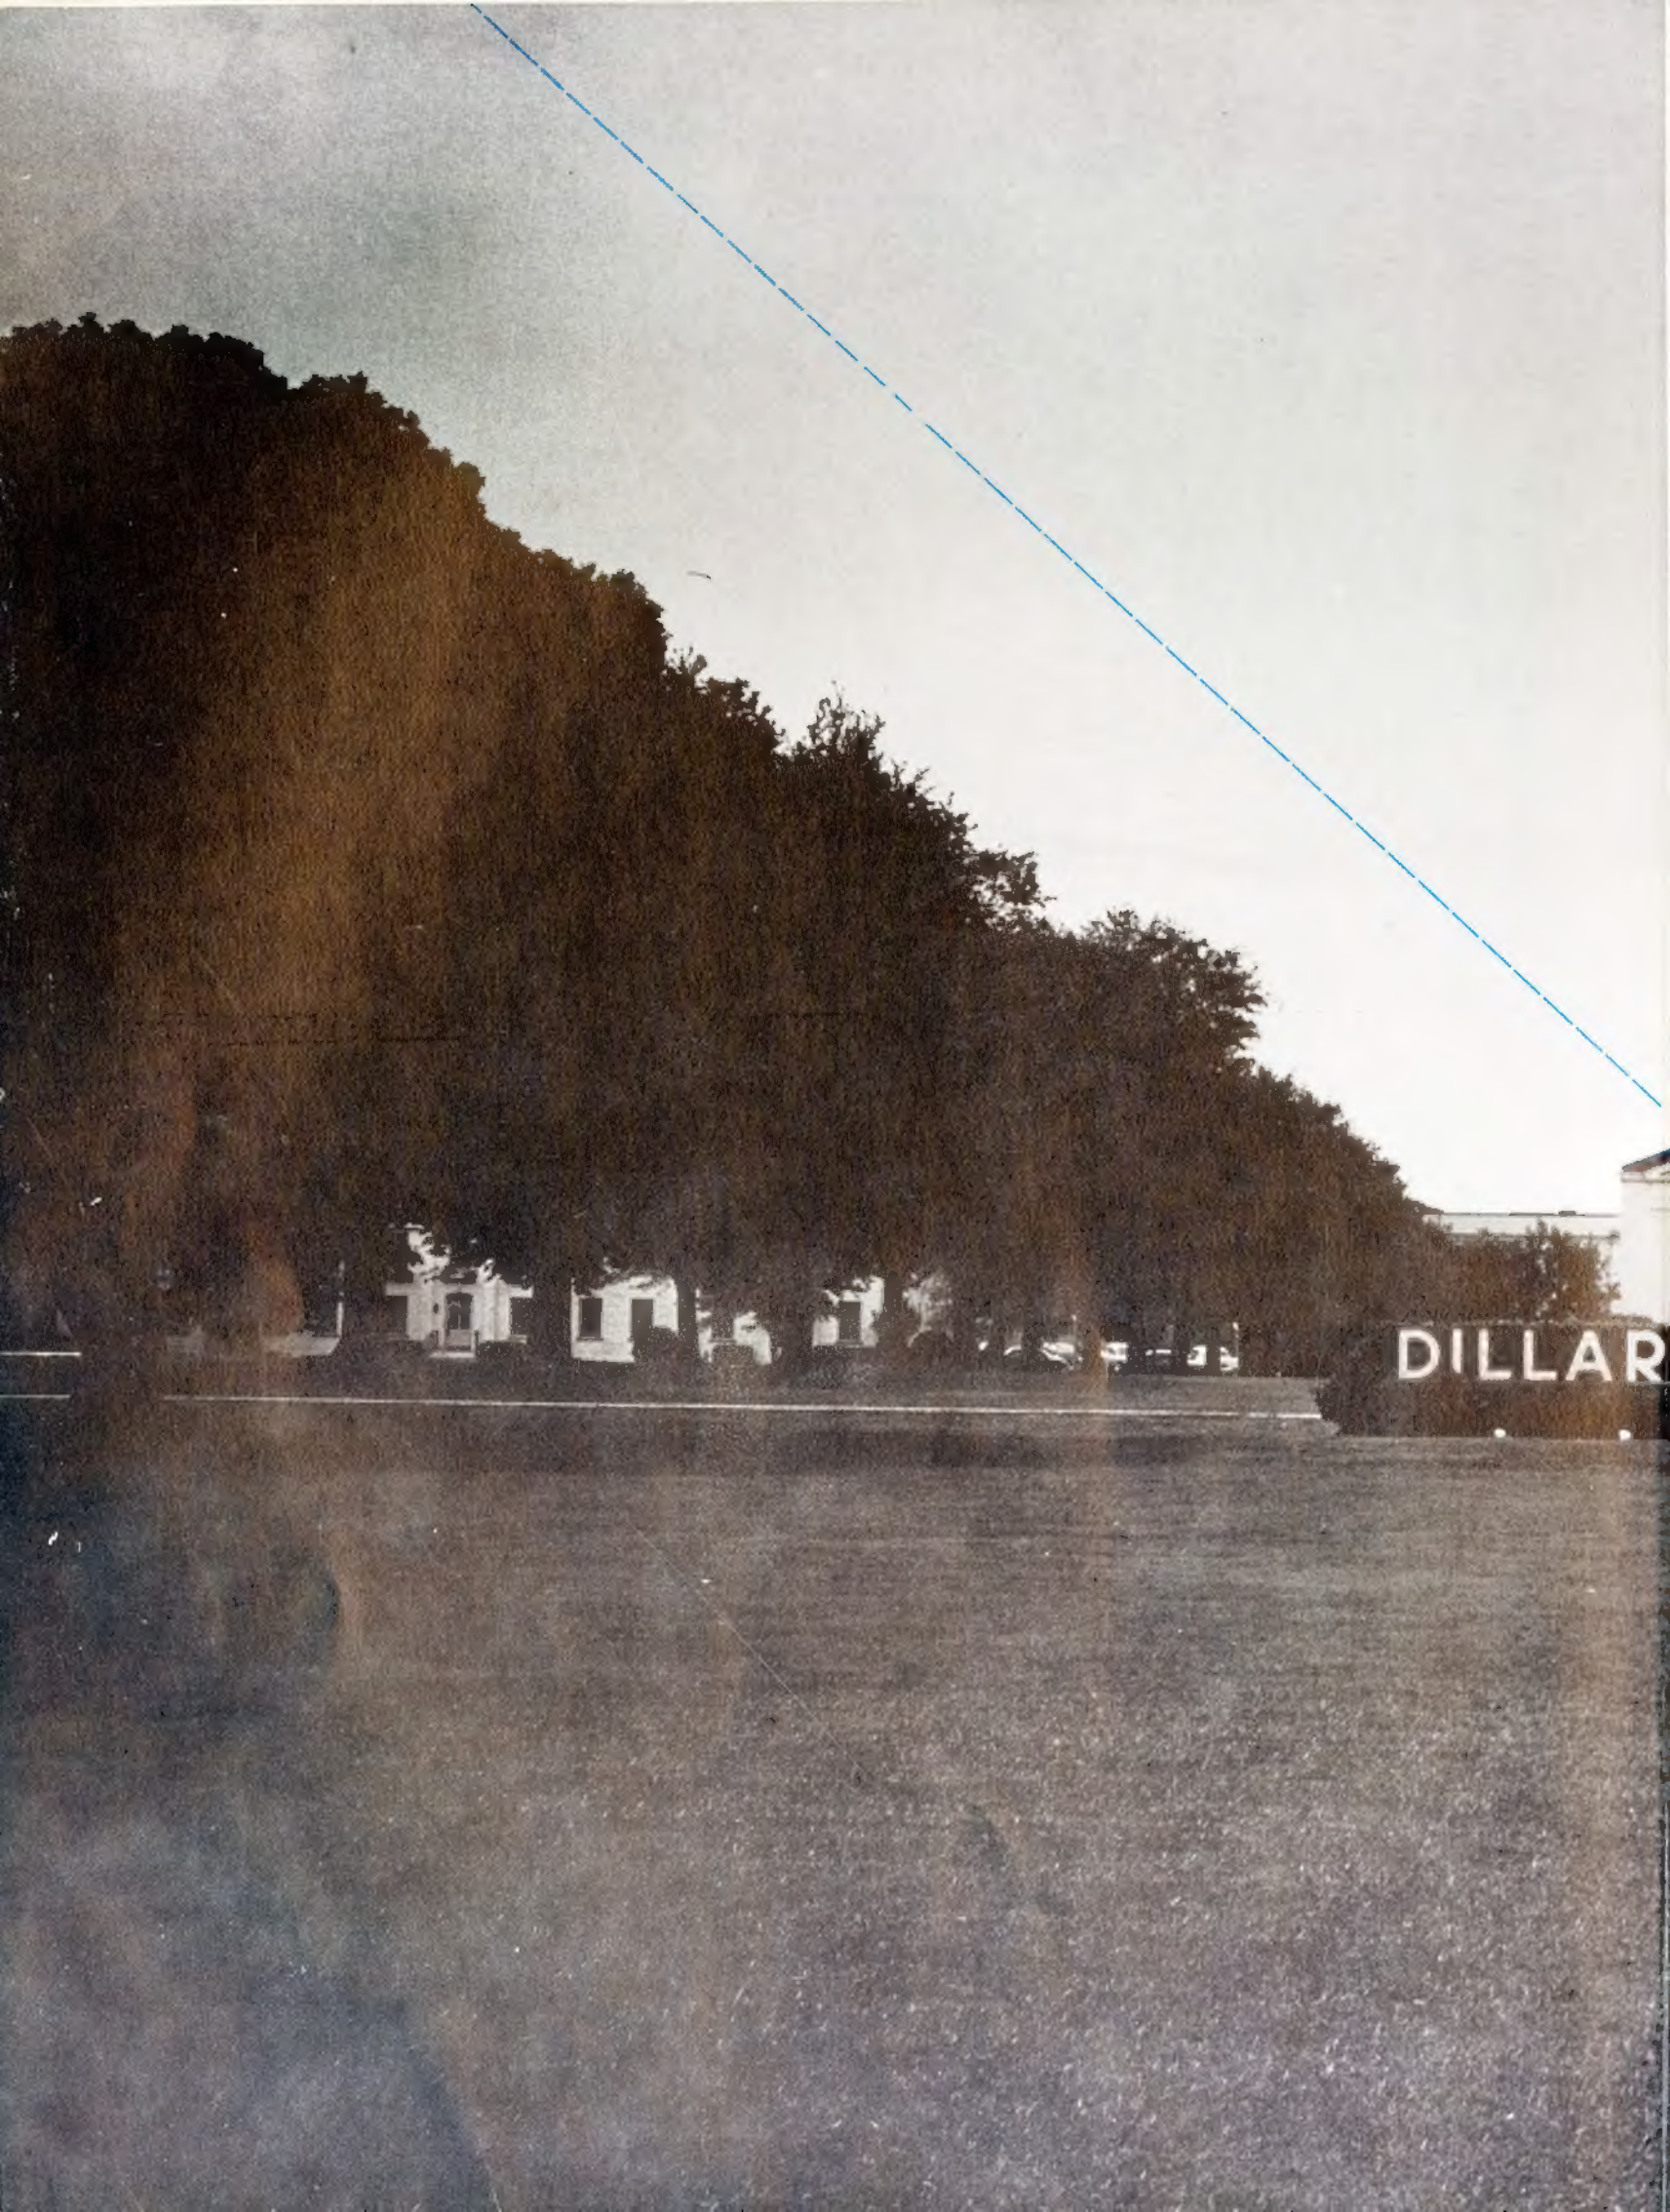

Because she did not want publicity Miss Williams would not permit us to place a picture of her in the book but we were able to secure from her a picture of her study which appears on the opposite page.

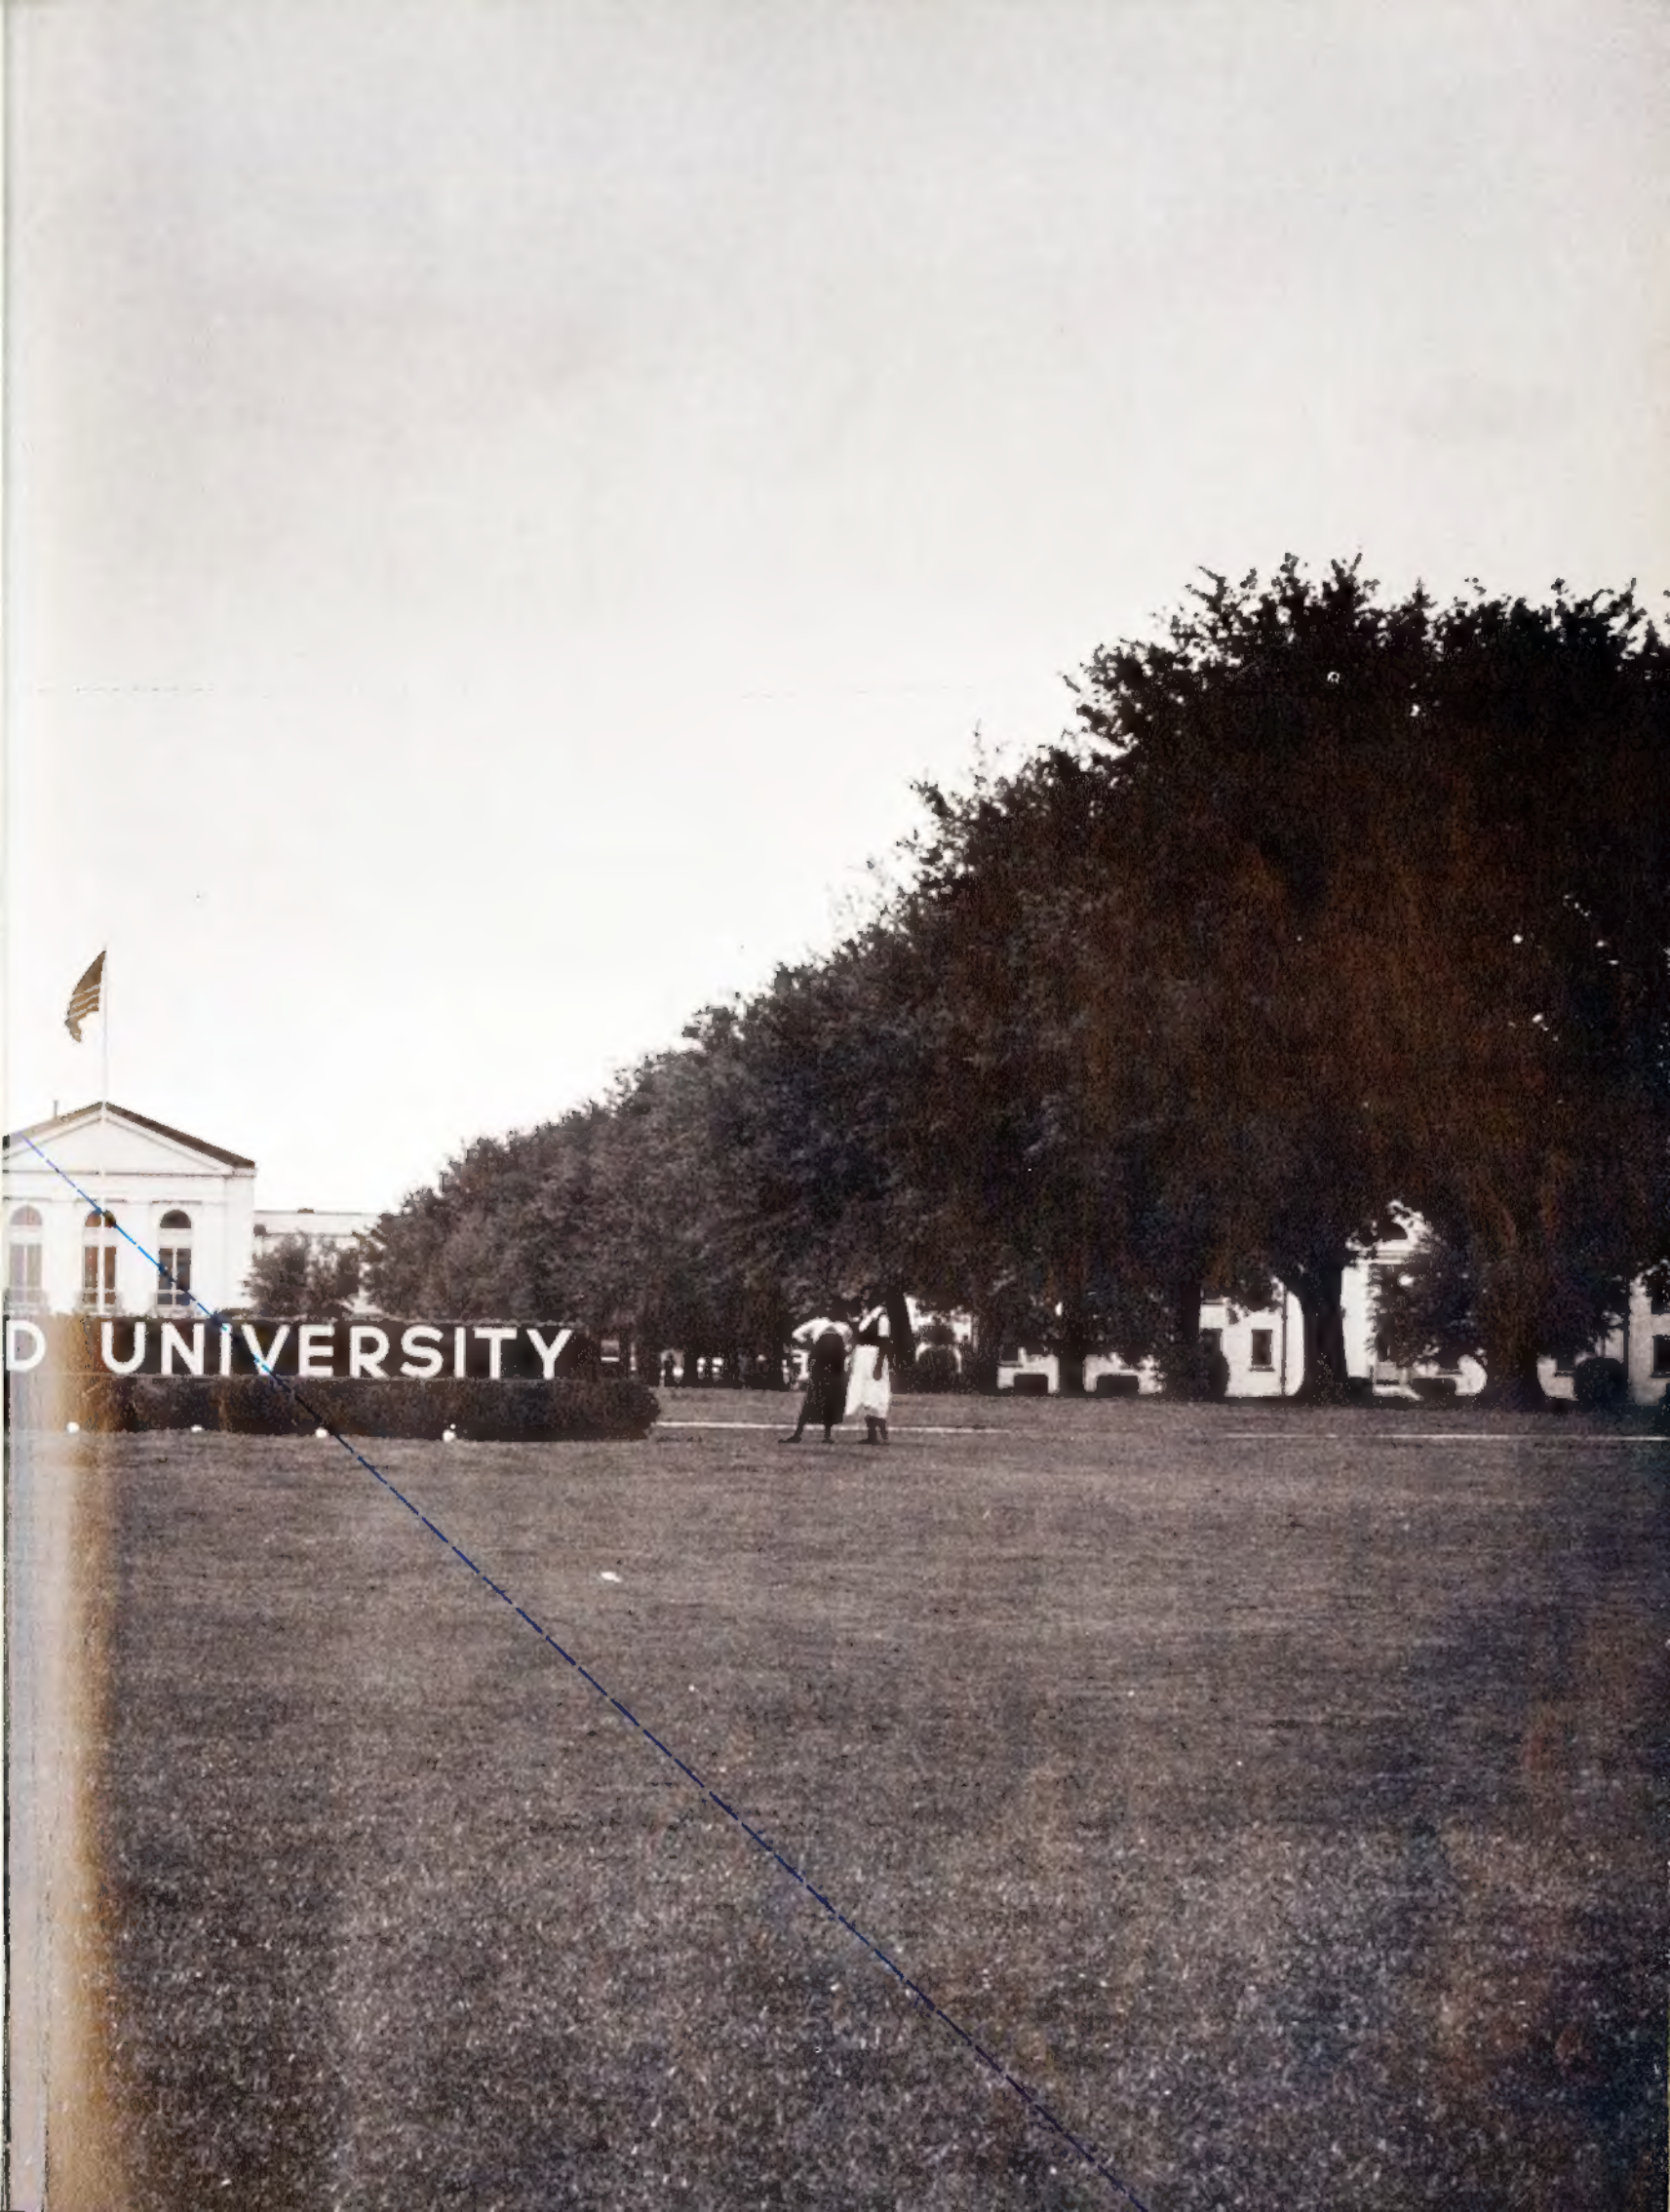

MISS FANNIE C. WILLIAMS' STUDY

"a place well used by a good and great mind"

DILLAR

A L M A M A T E R

FAIR DILLARD

Fair Dillard

Gleaming White and spacious green

We love thy every blade and tree

We love thy breathless days thy nights serene

Thy halls where men are men and free

Arise O sons and daughters hail thy queen

And pledge for aye thy loyalty

Fair Dillard

Flaming ove and earning s ligh

Teach us each day each passing hour

A deep ning ove for beauty truth, and right

Source of all nobleness and pow'r

And through the oyous day the dreaded night,

Forever guide, Alma Mater

Forever guide Alma Mater

T H E P R E S I D E N T

DR. ALBERT W. DENT

Our Progressive and farsighted president, under whose administration the university is constantly growing. His devotion to Dillard and his efforts to put to work the idea

of liberal education has won for him the love and respect of all those affiliated with the university.

Nursing Math Class

The Division of the Natural Sciences offers a concentration in biology chemistry and mathematics and physics. It has the following objectives. 1 the development of competence in the use of scientific methods of problems-solving (2) the development of attitudes born of scientific methods (3) the development of appreciations for and interest in the scientific aspects of modern civilization, and 4) the training of students in the more specialized branches of science preparatory to advanced or professional study

The Division seeks to satisfy the needs of three groups of students. 1 non-science students who will pursue natural science courses in working toward objectives one through three (2) students who seek to satisfy basic science requirements for entering the clinical branch of nursing and (3) students who plan to concentrate in the sciences. This third group is composed of students who seek to satisfy requirements for professional or graduate study or for certification to teach science or mathematics on the secondary level.

The program for pre-dental and pre-medical students is highly flexible and is arranged in consultation with the student to meet his individual needs. Each program, however is planned to include the broadest possible instruction in the social sciences and in the humanities consistent with a minimum science requirement for those students who elect to concentrate in one of the science areas or in the mathematics.

THE

Physics Lab

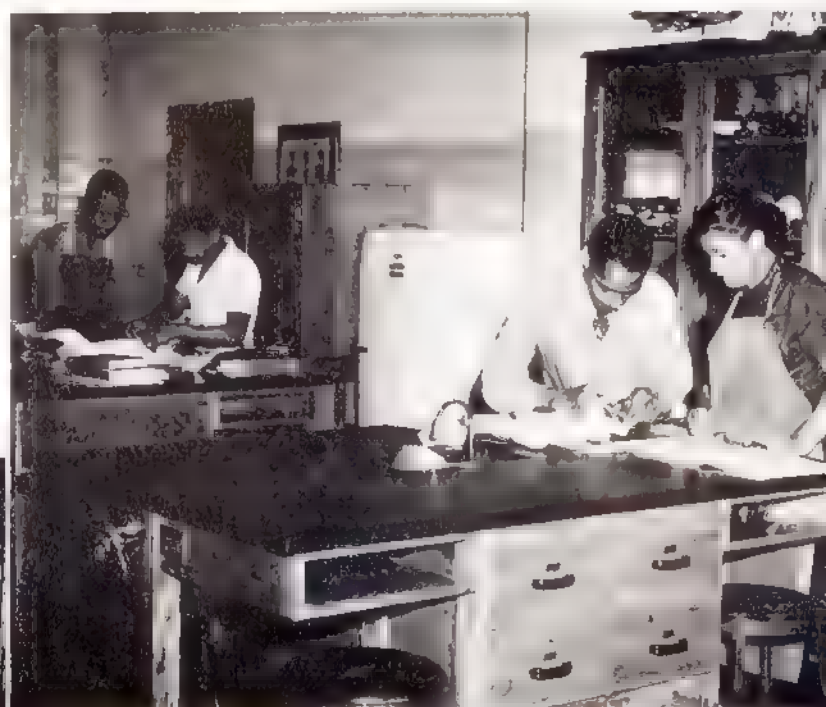

DIVISION OF NATURAL SCIENCE

DR CHARLES W BUGGS	Chairman, Professor of Biology

ANNA RUTH CROCKER	Instructional Ass't. in Mathematics
JAMES MOXLEY	Instructor in Mathematics
WILLIAM PULLIN	Instructor in Biology

Structure and Development of the Vertebrate Class

Chemistry Lab

Comparative Anatomy Class

THE DIVISION OF NURSING

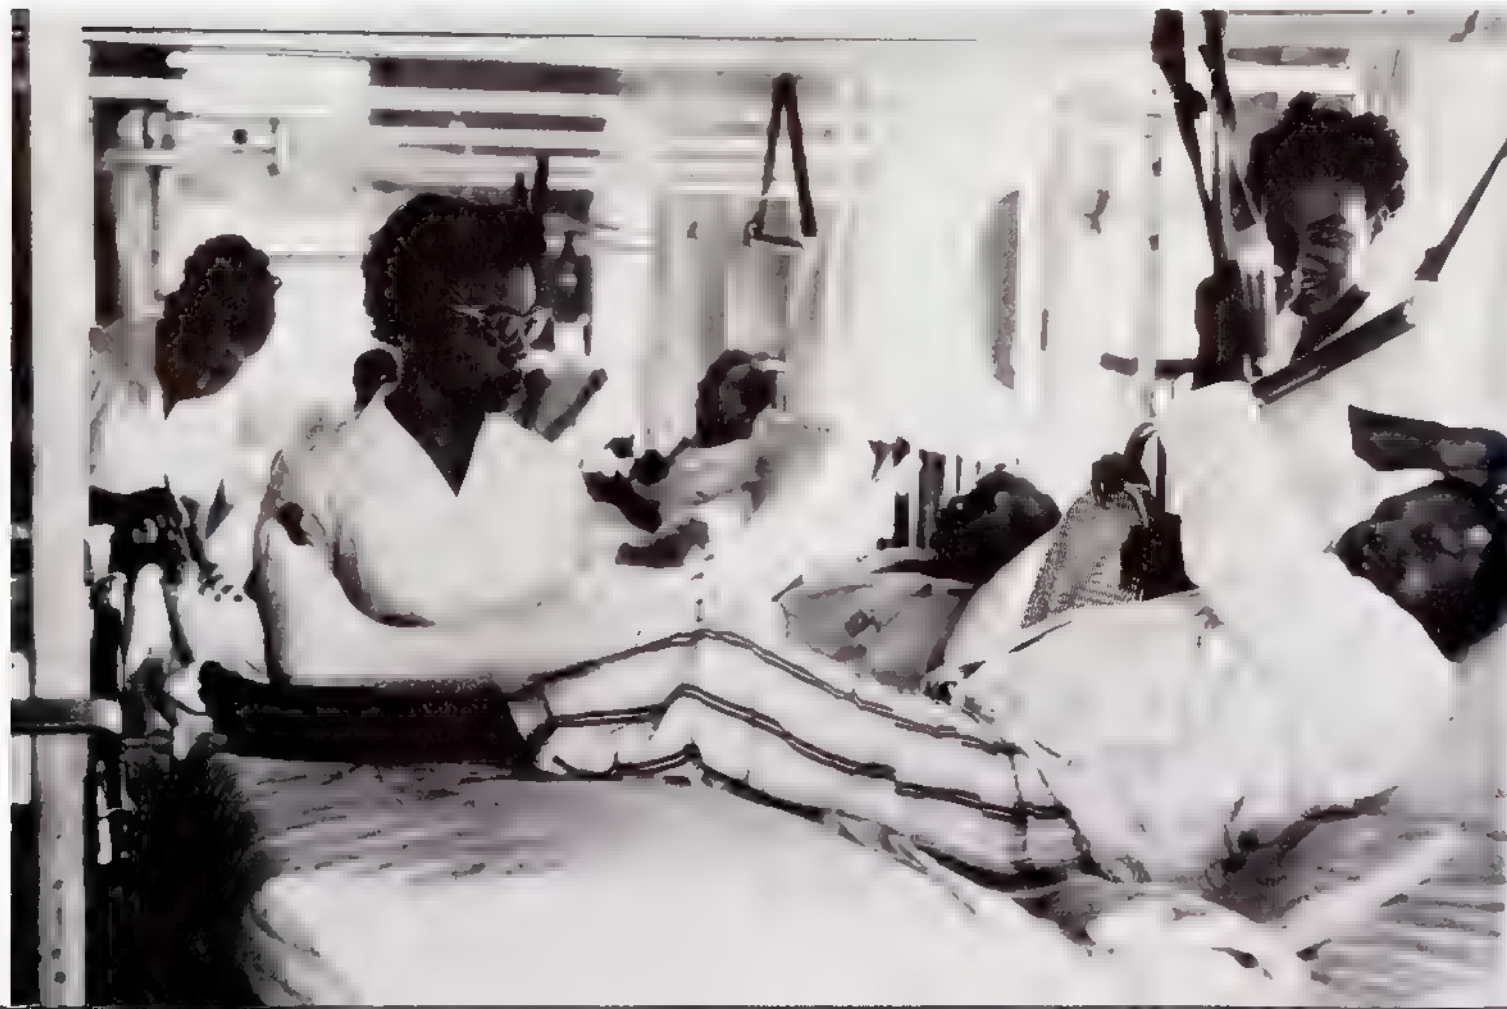

The Division of Nursing is an outgrowth of the pressing demand for nurses to meet the basic health problems which affect the health of the entire nation. It includes the physical and biological sciences, social sciences, medical sciences, nursing and allied arts, and other general education courses. Upon the completion of the entire curriculum, students receive the degree Bachelor of Science in Nursing and are eligible if twenty-one years of age to take the State Board examination given by the Louisiana State Board of Nurse examiners. Successful passing of this examination entitles the graduate nurse to registration in Louisiana and makes her eligible for membership in nursing organizations.

To meet the professional needs and interests of the students in the division of nursing, each individual is required to participate in the program of the Santa Filemona Club.

The Division of Nursing is accredited by the Louisiana State Board of Nurse examiners and the National Nursing accrediting service.

The institutions and agencies in New Orleans utilized for the practice of nursing are: Flint-Goodridge Hospital of Dillard University for surgical, diet therapy and outpatient experiences, Charity Hospital for medical, obstetric, pediatric, communicable disease and psychiatric experiences, Isabella Hume Child Development Center for nursery school experience, the New Orleans City Health Department for community nursing experience. In each instance the student receives her experience either along or after her instruction.

The clinical portion of the nursing program begins in the second year, second semester.

Introduction To Social Science

In the Division of Social Science courses are offered in four areas of concentration. These areas include economics and business administration, history and political science sociology and anthropology religion and philosophy

The Division strives to accomplish both general and specific objectives. Its general objectives are (A) to assist the student in achieving the necessary knowledge for personal, social, and vocational development, (B) to provide a cultural background for students whose major interest lies in other divisions, (C) to help the student develop the necessary tools of thought, drawing on both science and religion, to enable him to arrive at valid and usable value judgments. The specific objectives of the Division are: 1 to seek out and encourage productive scholarship, (2) to prepare students for advanced study, (3) to provide basic pre-professional training for students interested in law, business, government, social work, education, the ministry and other phases of religious work, 4) to assist students in preparing for expanding vocational opportunities in a rapidly changing society

THE DIVISION OF EDUCATION

The Dillard University program in Education aims at preparation of students for teaching in the kindergarten, elementary and secondary education fields. It proposes to send into the teaching profession individuals proficient in both subject-matter content and technique of teaching. It also proposes to furnish these individuals with a sound educational philosophy so as to enable them to perform with distinction in their chosen field of work.

The curriculum in the Division of Education is organized to equip the students with: (1) a general education in the areas of the humanities, the sciences, social science, health, education and recreation, (2) specialization in the subject matter of the field in which he expects to teach, (3) Professional discipline through the study of psychology and the history, philosophy and principles of education, (4) a capacity for good teaching through observation, participation and practice teaching in the pre-schools, (5) a professional and a democratic point of view.

The Horace Mann Chapter of Future Teachers of America serves the interest of students in the Division. Membership in the organization is also open to students in other divisions who are preparing to teach.

DIVISION OF HUMANITIES

The Division of the Humanities offers opportunities to students to gain know edge and practice in art including painting ceramics and sculpture in drama, in the English, French German and Spanish languages and literatures in the various offerings of Music Philosophy Religion and speech. The Humanities are represented in the required Freshman studies by the communications classes and the basic major art courses in survey entitled Humanities 0 and 02. Freshmen may elect also one course in the Division.

All Sophomores are required to choose between English and World Literatures.

The Division offers for the last two years either a divisional concentration or a departmental concentration of studies.

Numerous scholarships prizes and awards are open for excellence of achievement. Among the University sponsored student organizations the Division cites Court bouillon, Delta Tau Upsilon Debating Guide and the Dillard players Guild.

The Co-ordinator of Freshman Studies aided by the Departments concerned has promoted remedial programs in English, Reading Writing and Speech.

T H E N. A. A. C. P.

ITS PURPOSE

1. To educate America to accord full rights and opportunities to Negroes.
2. To fight injustices in courts when based on race prejudice.
3. To pass protective legislation in state and nation and to defeat discriminatory bills.
4. To secure the vote for Negroes and teach its proper use.
5. To stimulate the cultural life of Negroes.
6. To stop lynching

The Dillard University Chapter of the N.A.A.C.P. was organized in October of 1955 under the direction of Mr. Clarence A. Laws, Field Secretary for the N.A.A.C.P. and with the advice of Dr. Brothers and Dr. Furey of Dillard University. The members of the Organizing Committee were Lolis Elie, Samuel Wharton, Andrew Allain, Manfrey Butler and Prince Hall Washington.

Presently the Dillard University Chapter consists of 300 members.

The activities of the chapter were temporarily suspended in March, 1956 by an injunction from the state court. However we are confident that the Democratic process will not fail and that the N.A.A.C.P. will again have the rights to continue to pursue its objectives.

B A S K E T B A L L

The 'Blue Devils' enjoyed one of their most successful seasons in many years. The overall seasons record of 12 wins and 7 defeats does not give a true picture of the ball club. While it is an improvement over former years it might have been much better had the 'Devils' not had to contend with injuries. An accident on the first road trip of the season caused the team to lose Richard Calvin, high scoring forward, for six games. The 'Blue Devils' finished third in the SCAC standings with a conference record of 10 wins and 4 defeats.

The 1955-56 edition of the basketball 'Blue Devils' had no actual standout. It was through the efforts of all of the players working as a total unit that the 'Devils' were able to achieve some measure of success. Frank and Bernard Hancock, Charles Ford, Vic Vavasseur in Woolfolk, Richard Calvin, and Don Ames were all important cogs in the 'Blue Devil' machine. We would like to pay tribute to Don Ames, the senior member of the ball club. Don capped a brilliant four year career by scoring 405 points in 20 games. He is truly a ball-players ball player. Dillard will miss him next year.

COACH WILLIAM MARTIN

T R A C K

Howard in the Broad Jump

First in the 220

The Blue Devils thin clad were conference champion last year and there are a dozen members of that squad returning. With experience and some new talent the team should be much stronger.

The track schedule includes a triangular meet with Southern and Xavier, a trip to the Florida Relays, Alabama and Tuskegee Relays. The team participates in the Xavier Relays and the conference meet, both of which will be held in New Orleans.
